

PROJECT: THE IVY EDGE RESEARCH PROGRAM
RESEARCH ARCHETYPE PROFILE

ANALYSIS COMPLETE · YOU ARE

The Bio-Innovator

You see biology as a machine to be tuned. Your instinct is to zoom in — to the cellular level, the molecular mechanism, the invisible process that governs everything above it.

GENERATED PROJECT CONCEPT

A research paper on CRISPR gene-editing efficiency in antibiotic-resistant bacteria.

MENTOR NETWORK

Harvard

Columbia

Yale

MIT

Stanford

Molecular Biology · Biochemistry · Genetics
